RoHS Directive (2011/65/EU)

Dear Sir or Madam,

EU Directive 2011/65/EU restricts the use of certain hazardous substances in electrical and electronic equipment and regulates both their use and their placement on the market.

Regiolux operates in compliance with this directive and hereby declares that all our products are manufactured in accordance with RoHS regulations. This compliance is confirmed by our CE marking, and we have integrated our suppliers into this process accordingly.

If new information or research should give rise to changes with respect to Directive 2011/65/EU, we will, of course, immediately inform you in the course of our business relationship.

Kind regards from Königsberg,

Regiolux GmbH
